UNIVERSITY OF ARIZONA
CODING BOOT CAMP | 2018

**BACHELOR OF ARTS, BIOLOGY**
UNIVERSITY OF TEXAS | 2006

## FRONT-END DEVELOPER SUMMARY

Highly motivated front end developer who thrives in dynamic and challenging production environments. Strong love for coding using React.js and ES6, and strong desire to continue learning and willing to tackle any task. Has experience with continuous integration/continuous delivery deployment using Jenkins and Git, unit testing with Jest, developing wireframes in HTML based on client needs, implementing redux and flux into React applications, running local servers using Node.js, and modular development.

## WORK HISTORY

**FRONT-END REACT DEVELOPER**
CONSULTANT AT AMERICAN EXPRESS
SEPTEMBER 2018 - PRESENT
- Used wireframes to design React components and pages utilizing an in-house component library while adhering to established design standards
- Utilized in-house product development platform grounded in React, including open-source and in-house libraries, to create quality, modularized applications
- Contributed to all phases of development including bug fixes, adding new features, updating unit tests to achieve 100% coverage of lines added, deployment builds, addressing vulnerabilities identified in Aquila application security scan

**WORK LEADER**
TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
JANUARY 2015 - NOVEMBER 2016
